Press Release

Access Display Group Makes Inc. 5000 for Third Consecutive Year

For the third year in a row, Access Display Group has been named one of the 5000 fastest-growing private companies in the US by Inc. Magazine.

Freeport, New York., August 25, 2011

For the third consecutive year, signage display fixture leader Access Display Group, Inc. (ADG) has been ranked among the fastest growing private companies in America according to Inc. Magazine.

ADG, a designer and manufacturer of changeable poster displays, display frames and other display fixture solutions, grew 78% over the last three years, earning the position of 2798 on the prestigious 2011 Inc. 5000. Inc. Magazine's annual ranking of the 5000 fastest-growing private companies in the US. The company was ranked #13 among providers of business products and services in New York State.

Established in 1992, ADG designs, manufactures and distributes signage display fixtures and is best known for its patented, multi-purpose "SwingFrames," swing-open display fixtures with discrete hinge and locking mechanisms.

In addition to SwingFrames, ADG manufactures and distributes a range of other quick-changing display fixture products, including poster snap frames, changeable letter boards, enclosed bulletin boards, shadow box display cases, and back lit and LED light boxes.

This latest announcement comes on the heels of a series of accomplishments for the 20 year-old company. Over the last 3 years, ADG has focused on expanding its online footprint with the launch of 11 niche e-commerce websites, each focused on a different sector of the display fixture market. This strategy has been paying off, as the company announced a 52% sales increase in the past year.

Sales aren't the only things growing at ADG, either. Earlier this year, in response to the growing demand for its products, ADG announced that it was doubling the size of its facilities, taking over an adjacent space in order to make more room for production and customer support. With this growth, the company is also growing its staff, adding new employees in both production and customer service.

"I'm so proud to have Access Display Group, Inc. included on this prestigious list for 3 years running," says Charles Abrams, president and founder of ADG. "It's been incredibly challenging for small businesses all over the country to maintain growth in this uncertain economy. Making this list is a testament to our team's hard work and dedication to succeed."

For more information on ADG, check out the company's profiles on Facebook (<http://www.facebook.com/SwingFrame>), and Twitter (<http://twitter.com/SwingFrame>). Links to the company's profiles pages can be found on all of its B2B e-commerce websites. You can also visit the company's website at <http://www.swingframe.com>.

About the 2010 Inc. 5000

The 2011 Inc. 5000 is ranked according to percentage revenue growth when comparing 2007 to 2010. To qualify, companies must have been founded and generating revenue by June 30, 2007. Additionally, they had to be based in the United States, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2010.
